
Fifth Grade Flash

Vol. 1 No. 3

Mrs. Latteman's and Ms. Alley's Class

September 15, 2008

Book Orders

A reminder to parents ordering books from the Scholastic Book orders; always send checks when possible. Make all checks payable to Scholastic Books Inc.

Assignment Books

Keep signing those assignment books every night! This will help you and your child stay on task with their homework.

Science

This week we will be starting our new science unit over the water cycle and weather. We are working on finding a being-there experience, if you have any suggestions, please let us know.

Thank you to all of the parents who made a batch of play dough and donated it to the 5th grade classes for their brain models! Students' brain models can be viewed in the 5th grade hallway.

Study Links

Study Links books were sent home last week. These books are to stay at home. The student will have the Study Links (SL) assignment written in their planners. They will complete

this assignment at home with you and then tear out the page and turn it in at school the next day.

September Book Report

Students have selected their books and received the criteria for the September Book Report, which is due Sept. 30th. Students may choose any fiction book (never read before) that is appropriate for their reading level.

Grandparents Day

Please send your Reservation Forms with your child to school so they can participate in the Grandparents Day celebration. The form was included in your child's St. James School Newsletter. If more information is needed contact the office for further questions.
