
Fifth Grade Flash

Vol. 11, No. 9

Mrs. Latteman's Class

October 27, 2008

Red Ribbon Week

The theme for Red Ribbon Week is "Knowledge is Power." We are kicking off the week with Family Groups on Monday afternoon. We will be participating in an activity to remind us of the journey of St. Paul.

Science

In our weather unit, students will be recording the weather forecast and actual weather for seven days beginning Saturday, Oct. 25. Students are encouraged to watch television news, use the internet, and read the newspaper for their information.

Math

We will complete Chapter 3 this week and have our test on Thursday.

October Book Report

The October Book Report will be due on or before this Friday, October 31. Don't be late!!!

Social Studies

We will finish up Chapter 3 this week and begin our explorer research project. Much of this project will be completed during class time. The project will include a written report and a PowerPoint presentation. We will be working collaboratively in the computer lab with Mr. Dexter to create our PowerPoint presentations and utilizing the library to conduct our research.

Hooked on Books

Our service focus during Red Ribbon Week is entitled "Hooked on Books," and we are collecting any new or gently used books suitable for 0-14 year olds. Books will be collected until Wednesday, Oct. 29. The Kansas City area school collecting the most books will receive a visit from Chiefs player Bernard Pollard.
